

# HELP for children in UGANDA

## TRYING OUT THE NEW BOAT.

Here is a picture of our new boat. We need it to travel from one island to another. It was made by a local boatbuilder and has an outboard motor that goes on the back. It can be very noisy.

It takes about two hours to reach the furthest island. We take supplies to the school there. Would you like to come on the trip with us ?

Imagine you are doing this and write all about the trip.

Here are some things you could write about.

Who goes with you ?      Is it a bright sunny day ?

What do you see on the journey ? Do you pass any other islands ?

What is it like when you land on the island you are going to ?
