

# HELP for children in UGANDA

## JAMES WITH NEW SHOES AND SOCKS

Here is a picture of James with his new shoes and socks. HUG gave them to him. Most children in the islands do not have shoes and socks. Wearing plastic sandals or 'flipflops' is very common. In wet weather many people wear wellington boots. They call them gumboots. James is very pleased with his new shoes and socks. Can you write a story about him going to school wearing them for the first time ?

Here are some words that you may like to use.

proud delighted clean shiny 'feeling strange'

'showing off' careful dirty wash walking running

sore blisters puddles 'look after them' shoelaces
