

# HELP for children in UGANDA

## VERVET AT HUG BEDROOM.

Monkeys live all round the islands. They are usually a pest because they eat the crops we grow. This one decided to move in with us and became a pet. Sometimes she can be very naughty !

Perhaps you could write about one of these times !

Here are some words you may like to use.

'loud crash' upset chaos chase 'trip up' escape laughter

spill catch 'fall over' pinch 'trap' 'escapade' food

'shut the door !'
